

# Do you want to have more effective conversations with clients to support lifestyle behaviour change?

A Healthy Conversation Skills workshop gives you tools to support clients to make lifestyle behaviour changes for long-term health.

The skills you'll learn are simple, time-saving and practical to strengthen your everyday practice.

We recommend you complete the Healthy Start Workforce online education programme before the workshop.

**The course is free and endorsed for professional development points or hours for registered midwives, nurses and GPs.**

## Workshops coming up in Northland:

- Whangarei, Tuesday 3 July 2018  
Sport Northland, 97 Western Hills Drive
- Whangarei Wednesday 4 July 2018  
Sport Northland, 97 Western Hills Drive
