

## **Tamariki Ora Fund 2017**

The Tamariki Ora Fund is now open for applications.

**The deadline for Expressions of Interest is Monday 17 April 2017**

The Tamariki Ora Fund supports grassroots collaborative community projects in the Whangarei/Kaipara Districts with a clear focus on improving the wellbeing and development of tamariki and taitamariki.

The intention of this fund is to support community projects and initiatives that:

- prioritise tamariki Māori and children/young people living in lower socio-economic communities
- support the strengths and aspirations of tamariki and Taitamariki
- ensure that tamariki and Taitamariki have a voice in the development, running and implementation of the project
- increase wellbeing and development opportunities
- include collaboration between agencies/services.

Decisions about successful projects will be made in collaboration with the Manaia PHO Community Advisory Group (COAG). This fund provides one-off 'seed funding' that prioritises projects that are sustainable – and can continue without reliance on continued Tamariki Ora funding.

### **To be considered for funding:**

- The applicant must complete a fund application form.
- The applicant must have legal status (for example, be an incorporated society, charitable trust, a not-for-profit company and so on) or be formally umbrella'ed (auspiced) by an organisation having legal status. A copy of the appropriate certification needs to accompany the application (plus a copy of the formal arrangement with the auspiced/umbrella organisation). GST registration is not a requirement.
- Priority will be given to projects that focus on Māori communities and lower socio-economic communities.
- All projects must involve communities that reside within the Whangarei and Kaipara Districts.
- A total of \$25 000 is available for funding. The maximum funding available per project will be \$5 000. Lesser amounts may be applied for.

## Workshops

We will run a Tamariki Ora workshop where contracting details will be confirmed, project outcomes identified and links between projects can be made. This will be held on **31 May 2017 at Manaia PHO**. At the end of the project, a final report is due on **15 June 2018**. We will have a final evaluation workshop on the **28 May 2018 at Manaia PHO** to help you identify the outcomes from your project and assist you with writing your final report. It is expected that all funded projects have **at least one representative** at both of these workshops.
